Beneath Your Stars

Clayton Bowles, Justin Lawrence

Verse 1

```
  G#m             F#                E
     Lord, as I lay beneath Your stars
  G#m              F#                E
     Thinking of just how big You are
  G#m               F#              E
     And that You live inside of me
  G#m              F#              E
     Your beauty shows in all I see

     Rain is softly falling
  G#m        F#              E
     I lay gently at Your feet

     No matter what this world could bring
