Shine

Broken People

Verse 1

```
            D            A/C#       B
There's a light and it shines for all the world to see
      D            A/C#             B
as it did one dark night while the world was still asleep
           D        A/C#          B
when three men were led to see a glimpse of Eternity
        D            A/C#      B
come to Earth in the form of a helpless baby
```

Verse 2

```
                 D         A/C#  B
In the dead of night, arrived, armed with frailty
           D          A/C#       B
God would die, enter time, in a plan to intervene:
           D        A/C#        B
when mere men were led to be a part of His story
       D           A/C#  B
on the Earth to depict a wholly different King
```

Chorus 1

```
              F#m    Bm             E
Who came to shine, shine upon the world
              F#m    Bm             Esus  E
through our lives, reach a lonely world
    B    F#m      Bm              E  Esus     D   A/C#   B
let them see that God has come to Earth
```

Verse 3

```
        D         A/C#        B
Not a star or a myth, not a food or song or tree
        D          A/C#      B
Not a show nor a gift - no mass debauchery
        D             A/C#              B
'tis a time when our darkness tore and light pierced vividly
          D          A/C#     B
no longer blind, restored, an image of a King
```

Chorus 2

```
         F#m     Bm             E
And a sign to shine upon the world
             F#m   Bm             E
through our eyes, reach a lonely world
          F#m      Bm              E
let them see that God has come to Earth
          B             E
let them know who I've been with
```

Chorus 3

```
         F#m    Bm             E
May I shine, shine upon the world
            F#m    Bm             E
through my night, reach a lonely world
          F#m      Bm              E
Let them see that God has come to Earth
              B                   E
and let them know just whom i've been with
```

Outtro

```
         F#m    Bm         E
May i show a life lived differently
       F#m         Bm             E                D    A/C#    B
May i show a true picture of the King who came to me
```
