Sufficiency

Ozzy Ozrovstofsky & the Nine Nazarites

Verse 1

```
                      Bb                        F
The manna fell like rain, each day it came again
              Ab                        Eb         /Db /C /Db
People wanted more, hoping they could store
                        Bb
But God said, "Let the lesson begin"

                  Bb                    F
Call it sufficiency, learn to rely on Me
                        Ab                       Eb      /Db /C /Db
Share the stuff you've found - enough to go around
                  Bb
Live altruistically
```

Chorus

```
     Bb   Eb    Ab     Db  Ab/C
Enough is enough
Bb        Eb       Ab       Db  Ab/C
we don't need to store
Bb    Eb      Ab       Db            Ab    Bb  F Ab
More is not better, more is just more
```

Verse 2

```
                      Bb                      F
Skip to the present day - real life Monopoly
                    Ab                                  Eb     /Db /C /Db
But what have we ignored while want just wants some more?
                    Bb
Where is our harmony?

                 Bb              F
Avoid the wilderness if we coexist
                  Ab                              Eb     /Db /C /Db
Show me a way to share, reach to the least out there
                Bb
Pervasive happiness
```

Chorus2

```
Enough is enough, we don't need to hoard
More is not better, more is just more
```

Bridge

```
Bb
There's a way that You have made
          F
Where I'm not a slave who cumulates
Ab              Eb        /C  /Db /C
Show me how it all fits in
    Bb
I'm ready to begin
Bb      Eb      Ab         Db  Ab/C
I will not be one who's greedy
Bb      Eb          Ab             Db     Ab/C
Not my wants, but needs, please teach me
Bb        Eb       Ab          Db    Ab/C  Bb
How Your plan includes more than just me!
```
